**First Name** - Ramona**Last Name** - Hercules**Organization Name** -

**Comment** - 95% of the Republicans opposed Medicaid expansion; 96% of Democrats supported the expansion in 2014. This decision is about politics and not about the health of our communities. The expansion makes sense to me and I hope that Virginia will vote to expand Medicaid. Please have honest debates and discussion about those you represent. Many of us do not belong to a political party and cannot understand what you are doing.
