Comment - Dear MIRC, I am writing on behalf of my brother whom I am very concerned about. He is unable to work due to health and mental issues. HE does not qualify for disability. He had been turned down because the last doctor they sent him to say him for less than 3 minutes. (I timed it). The Doctor asked if he could bend over and touch his toes?????? To say I was very hurt and complained to the social services. It did no good he was turned down. Anyway to get to the reason for my letter. Roy does not qualify for Obamacare since he has no income. So far he does not qualify for medicaid under current guidelines. Are you going to help the thousands of people who fall thru the hole in both programs? These people desperately need help and support for care. Please make your decisions with care. We are dependent on your decisions and support during the out of control health care cost. Sincerely Royce McNeal
