Comment - I am an approved DMAS provider for the DD Waiver program. Basically I am a contractor who provides environmental modifications such as wheelchair ramps and bathroom accessibility modifications for Medicaid recipients. I am withdrawing from participation in the program because it is totally screwed up. As a taxpayer as well as a former provider I am genuinely concerned about the expansion of the Medicaid program. DMAS can not handle the workload responsibly that they have now yet you are proposing to expand it by over 50%? I strongly urge you to "clean up DMAS" before adding even one more enrollee.
