VA MIRC

Dear VA MIRC:

Given the nature of long term care services they do not fit well under the managed care model. While seemly cost effective-it has been demonstrated throughout States that have implemented managed care under their long term care services that these savings are due to losses of needed services to individuals not cost effective management of services. I support The Arc of Virginia's comments regarding "Phase 3" Medicaid reforms that impact Virginians with intellectual and developmental disabilities.
