First Name - Susan

Last Name - Kubany

Organization Name - Omnet, Inc.

Comment - I'm very impressed with Steve Landes on this subject. I was also impressed with the testimony of those who spoke against the expansion at the open hearing in Richmond. We **can** find more and better ways to care for the poor and needy and more attention to the free clinics and what citizens can do would be a strong start. The gimmick of the feds contributing money for a couple of years is tantamount to investing \$100K in a bank in exchange for a new toaster -- and every one of you knows it! Don't do it.
