Comment - I am against Medicaid expansion. The state of Virginia has been fiscally responsible, unlike many states, and unlike our national government. The federal government is worse than broke and they have no right to offer us money, and because they are in such dire financial straits, we have no reason to expect that they will be able to deliver all of the money they have promised in the years to come. We don't need to work on expanding Medicaid, we need to work on getting people off of Medicaid. Just say "NO."
