Virginia Medicaid Innovation and Reform Commission
VA

Dear Medicaid Innovation and Reform Commission,

With the federal government agreeing to pay 90% of the cost for Medicaid expansion for several years, it is unconscionable that Virginia should not take advantage of this generous program.

I hope that Virginia's legislators will "come to their senses" and adopt this generous government program to allow the expansion of Medicaid to help so many lower income Virginians, who can not qualify for other forms of health care!

Sincerely,

Alexander Schiffelbian
