First Name - Ann

Last Name - Hess

Organization Name -

Comment - Please work to provide medical care to the vulnerable in our society. We all benefit from healthy neighbors, school mates, workers and all others. Do we really want to live in a society whee disease proliferates because we are unwilling to care for all? do we really want to pay for health care only when it is critical and least cost effective, through emergency rooms of hospitals? Please, expand medicaid coverage.
