First Name - Ashley**Last Name** - Rowland**Organization Name** - Family Dental Care

Comment - I respectfully urge you to expand Medicaid in the state of Virginia. Please consider that an independent study shows expanding Medicaid would grow Virginia's economy by \$4 billion over the next six years and create 31,000 new jobs, while cutting state spending on healthcare by 7 percent! As a dental professional whose office sees roughly 1/3 of its patients only because they have Medicaid, I know that this expansion would boost our profit margin and further energize our state's economy. Please expand Medicaid.
