**First Name** - Ben

**Last Name** - Knotts

**Organization Name** -

**Comment** - If the government cannot be trusted to faithfully pay the healthcare of the one million on Medicaid already - why should we trust them with 400,000 more? The present level of competence in how VA has spent money on Medicaid does not seem to be a foundation for expanding the program to include more people. Rewarding incompetence with more responsibility seems unwise.
