Dear Medicaid Innovation and Reform Commission,

People of every income level need the security of knowing that when they get sick, they can see a doctor without an enormous bill once they've gotten well. But they won't have that security unless we expand Medicaid in Virginia.

There are so many people who would benefit from expanding Medicaid: Veterans, nurses and home health care providers, and working families, to name a few. Obamacare is the law of the land and we need to move forward to take advantage of it and make our health care system better for everyone.

Sincerely,

Betsy Diann Kirby
