Dear Members of the MIRC Commission,

I feel strongly that Medicaid expansion is necessary in Virginia. The citizens of Virginia who are indigent and in desperate need of health insurance are counting on the leaders of government to expand benefits for them. The uninsured tend to wait for diseases and health issues to reach a level of intolerance before they seek healthcare services. They need to be encouraged to access healthcare services through education and financial support as reinforced through payment through Medicaid. Please support the expansion of Medicaid services in Virginia.

Sincerely,

Carla Dallmann
