**Comment** - Medicaid in Virginia needs expansion. I am appauled that Virginia citizens are being deliberately denied access to healthcare that they would qualify for now for no cost to the state under expansion. I would possibly qualify as a senior age 56 who takes care of my daughter who has severe disabilities. We recieve ssi, however I do not make enough to pay the high premiums to have health insurance. My income is fixed and stretched. I had to stop my career to take care of my daughter and manage her care.
