**Comment** - I strongly urge the Assembly to participate in the expansion of medical coverage (via Medicaid) in VA. The health and welfare of all of us rises when our neighbors have jobs and their health. This healthcare expansion will bring jobs to VA citizens and enable our state to care for her citizens. If we allow the state to show a rise in poverty and illness, corporations will have a harder time attracting top employees to the state, and those of us who have enjoyed safer times may well see division and rancor among those who have been left behind. For the good of all in the state, please expand medicaid in VA.
