First Name - Clement

Last Name - Tuttle

Organization Name - Peninsula Patriots

Comment - DEFUND OBAMACARE! My health insurance rates went up last year and will go up 29% if Obamacare gets funded. I am 66 years old and can't retire! My wife has crippling arthritis and can't work. She is only 58 years old and won't be eligible for Medicare until she is 62 or 63. So, I still have to provide her with health insurance. We can't afford to pay any more than we already do! We also have a 24 year old son who still lives at home who can not find a job. He also doesn't have healthcare that we will have to pay for under Obamacare. We can't even claim him on our income tax as a dependent IF we don't insure him. Please, defund Obamacare.....NOW!
