**First Name** - Curt

**Last Name** - Lilly

**Organization Name** -

**Comment** - No Medicaid expansion in VA. The Feds will suck us into this program and then pull the funding after a year or two, leaving us holding the bag - or in this case paying the bill. This is BILLIONS of dollars we cannot afford. This is not a socialist or communist nation, and we need to put an end to the endless parade of benefits we dole out to anyone that will take them. WE WANT FREEDOM, NOT FREE STUFF!!!
