**First Name** - Donna

**Last Name** - Shaunesey

**Organization Name** -

**Comment** - In my work providing low-income folks with transportation to get to medical appointments, every day I see people who can't get to health care. It's a particular tragedy when it's someone who needs weeks of radiation or a heart monitoring program or dialysis. These folks simply can't afford to get to these life-sustaining services, much less pay for the service even if they could afford the trip. Please close the Medicaid gap.
