Dear Medicaid Innovation and Reform Commission,

Virginia needs to obey the Affordable Care Act and expand Medicaid. Too many Virginians are without access to affordable health care, and those living below the poverty line need to be helped by expanding Medicaid. It's cheaper in the long run than their waiting until their extremely ill, and taxpayers are stuck paying for their hospitalizations, expensive procedures, and possibly deaths. A few dollars well spent could save all of us millions down the road, and more people would have a better quality of life and be able to continue working.

Sincerely,

Elizabeth Kelley
