Dear Medicaid Innovation and Reform Commission,

Please expand medicaid to cover those in need. I work for a non-profit that cares for the elderly and disabled and I see the daily effect the waiting list for medicaid has on our clients. While we seek out sources to help pay for medical co-pays we have residents who are in need of care that is beyond what most non-profits can provide. No fundraising campaign, networking with other non-profits or religious charity can do what Medicaid does for those in need.

While budget numbers are important so are the people that live in Virginia and are in need.

Sincerely,

Faye Coddling
