Comment - Please pass this Medicaid Expansion so that all Virginians will have access to quality and affordable health care! I believe it is a moral imperative that all people have access to health care as members of the Commonwealth and as children of a loving God. It is not right for me to have access to doctors and dentists and for my neighbor to be denied access. We are all Virginians and should be treated equally. Just because people are low-income does not mean they are of low value to Virginia. Please expand Medicaid TODAY!!! Thank you!
