Dear Medicaid Innovation and Reform Commission,

I am the mother of four children. I found out I had an odd disorder earlier this year. Without being able to afford a doctors office fee I had no other recourse other than a trip to the ER. Luckily they discovered what was wrong but now I am almost ten grand in debt to the hospital. I appreciate those doctors and nurses who took the time to help me, but the fees are outrageous. Everyone I know is terrified of going to the hospital because of the enormous bills that come after.

Sincerely,

Jamie Tucker
