First Name - Jay

Last Name - Fuller

Organization Name - me and christ church

Comment - A open letter for heal care to [REDACTED] Say yes on Medicaid expansion. It only right for us Virginians I'm asking you to get your husband to send an executive order to the people of Virginia who are now also residents of Washington, D.C., and needing affordable care. Virginians will be to get health care just like a D.C. resident. They can afford affordable care just like at the same care as a D.C. resident. I think of it that way. We can have an address in D.C. What is an executive order for dual residence? We get health care in Virginia. Why should a person residing in D.C., get health care in Virginia? We cannot receive health care in Virginia because of our state legislators. I think if I'll be able to get health care this will solve the problem. We can have dual residence in D.C., and Virginia. We get health care in Virginia, just like someone living in D.C., can get health care without dealing with the state of Virginia, and their governmental policies. Jay D. Fuller
