First Name - John

Last Name - Cann

Organization Name -

Comment - Adding 400,000 individuals to the Medicaid system in Virginia will cost us (Virginia and its taxpayers) billions which will mean future tax hikes for pensoners like me and Virginia budget cuts to vital services, such as schools, police and fire departments. According to Health Affairs Journal, nearly one in four Virginia doctors currently does not accept new Medicaid patients. The expansion under examination will mean longer waits and the destruction of the doctor-patient relationship. Please stop this part of Obamacare in Virginia.
