TO WHOM IT MAY CONCERN:

I agree on expanding medicaid. From personal experience my sister who is 56yrs old. Cannot get health care. She worked all her life until 2 years ago, after 30 years at same company, they decide to let her go. She has went thru her retirement trying to keep her house. She has health issues that need addressed. Her income is 4450.00 a year. I do agree on drug test to receive any benefit from state.

Thank You
