**Comment** - Commissioners, It should be obvious that access to insurance improves financial health for families and individuals. AND reduces work absenteeism due to treatable disorders becoming so much worse – that work days are lost to sickness. Medicaid expansion bridges the coverage gap, ensuring that 400,000 Virginians have access to high quality affordable healthcare, and in the process can create 30 thousand new healthcare jobs in Virginia. I believe this is a morally correct action: EXPAND MEDICAL COVERAGE TO PROVIDE HEALING FOR THE SICK, FOR ACCIDENT VICTIMS AND PERSONS UNABLE TO AFFORD INDIVIDUAL INSURANCE BECAUSE OF HIGH PREMIUM COSTS. Sincerely,
