**Comment** - • Use our Federal Tax Payment in Virginia. Do not send our tax payment to other states. • Provide security and peace of mind for hardworking families. They should be able to get health care when they need it without facing huge medical bills or even bankruptcy • Available federal funding supports 33,000 jobs Virginia's overall economy, and state savings in other programs • Virginians should reject the Coverage gap, which will leave thousands of Virginian's poorest and most vulnerable residents without affordable care options.
