**First Name** - Lisa

**Last Name** - Babilon

**Organization Name** - Virginia Association of Community Psychiatric Nurses

**Comment** - Medicaid Expansion makes humanitarian and economic sense for Virginia. It is paid for and will put a reign on rising healthcare costs. Without Medicaid Expansion, the Affordable Care Act will mean little to over 400,000 Virginians, and our federal tax money will be benefiting the residents of other States- not Virginians. Please let us stop this stalling and have Virginian tax dollars benefit the health and welfare of Virginians!
