Comment - First question, why have you waited so long for this? Oct 1st was the date for the exchanges to open! You're behind. Medicaid in Virginia covers poor children and the disabled. Hundreds of thousands of others have no coverage and are either students, those making minimum wage or maybe not even employed. A visit to the ER puts a huge strain on the system if they can't pay their bill. People need this option, and they need to be covered. Healthy people = healthy communities.
