Virginia Medicaid Innovation and Reform Commission
VA

Dear Medicaid Innovation and Reform Commission,

Dear People, my principal message is that something must be done to get our system of health care in order. Please do all you can to break out of the expensive way too many people must access health care through the Emergency Room. I do support expanding Medicaid but principally because there is no better way proposed at this moment. Thank you for all your work to make things better for all Americans.

Sincerely,

Michael Sanborn
