Dear MIRC Committee,

I am absolutely opposed to any Medicaid Expansion through the Federal Government/Obamacare in Virginia. Our first priority should be reform of the current system. A thorough clean up and out from the top down - no stone left unturned. STOP THE WASTE AND ABUSE of the current system. I am convinced this would give us plenty of money to work with.

Furthermore, Washington has no money, they are \$17 trillion dollars in debt! They owe more than they take in! That is not solvency! Ladies and Gentlemen, that is a fact! The federal government was never intended by our founders to be our source.

Please take a bold stand and say NO to any more federal intrusion and overreach. Let us be an example to other states and boldly declare our independence and maintain our freedom to craft creative solutions for the citizens of Virginia. Surely, we are a more creative people than to just raise taxes and throw more money at a problem. Let's help those that are truly needy, but let's do it in an honest and sustainable way. Handing out borrowed money is not honest or sustainable. More money is not the answer, it never is.

Thank you.

Sally Fritzsche
