Dear Medicaid Innovation and Reform Commission,

I implore you to support expanding MEDICAID for Virginians in need of health care. My personal friend gets social security and works part time at McDonalds. He can not afford Part B of Medicare nor is his wife insured. They use the emergency room as their health care provider which means our costs for hospital care is increased. This is the only option for those on limited income who need care and it is the most expensive option. As a nation we should be providing for our citizens what most other countries provide--health care!
Thank you for supporting the expansion of Medicaid.

Sincerely,
Sandra P. Aldrich

Sincerely,
