**First Name** - scott

**Last Name** - overton

**Organization Name** - citizen

**Comment** - This states officials need to do a better job listening to its constituents. Stop legislating as if you know what is best for the people. Obama Care and Medicaid are the true cancers of health care reform. defund them! i no longer believe that this state much less the united states have any elected or appointed officials with the courage to listen to the citizens. they simply listen to the feel good society that no longer works for a living.
