**First Name** - Sue

**Last Name** - Breeding

**Organization Name** - Virginians for Quality Health Care

**Comment** - Our family doctor recently said that a Cost Benefit Analysis would have to be done to see if my handicapped daughter would be allowed to have a mammogram. My son recently received letter stating his individual policy rates would necessarily rise next year due to Obamacare. All over America people who have worked to maintain health insurance are being punished, while others are being urged to sign up for free health coverage. IT IS NOT FAIR and it is unsustainable.
