First Name - Susan

Last Name - Smoot

Organization Name -

Comment - As a taxpayer of Virginia all of my life I want to expand Medicaid services using my tax dollars to provide medical care for those in dire need of care. I think it is irresponsible to leave our state and its citizens without the ability for care. Since the recession/depression in 2009 to date many families are suffering financially and medically with no end in sight. Please approve expanding Medicaid to those below \$11,000.00 limit of poverty.
