First Name - Suzanne

Last Name - Keller

Organization Name - none

Comment - Virginia should expand Medicaid because it is the right thing to do. Uninsured citizens form a risk pool that is far more costly than subsidized insurance. The refusal to expand denies our citizens access to health care and that is a moral as well as a fairness issue. I support a universal medicare for all health care system. Right now we have a fragmented, inefficient and expensive system. Medicaid expansion is not a perfect solution, but I believe it is the right thing to do.
