**First Name** - Vicki

**Last Name** - Caminer

**Organization Name** - Empower Hampton Roads

**Comment** - Please provide expanded Medicaid coverage to provide for almost 400,000 poor, working Virginians and their families for healthcare they could not otherwise afford! This funding will also provide jobs for 33,000 healthcare professionals. We Virginians won't be sending our federal tax dollars to be used to pay for similar healthcare coverage in other states who do provide that expanded Medicaid coverage for their state citizens! Thank you!
