Dear Medicaid Innovation and Reform Commission,

I strongly support the expansion of Medicaid to Virginia workers and families, who now lack health care security--and all too often avoid seeking needed medical care simply because they cannot afford it. This is just wrong. Health care is not, and should not, be a luxury available only to those with deep pockets.

To ensure better health care outcomes for our citizens and our work force, Medicaid expansion is not just the right thing to do, it is the sensible, economical thing to do.

Sincerely,

virginia broadbeck
