Virginia Medicaid Innovation and Reform Commission
VA

Dear Medicaid Innovation and Reform Commission,

My daughter is a doctor who volunteers at free health clinics. She
tells me about how people without insurance put off seeking treatment
until their illnesses are critical. Some go to free clinics, many go
to Emergency Rooms where they get only rushed (and VERY expensive)
care. Covering 400,000 people in VA would reduce the load on ERs and,
I'm convinced, reduce overall cost to the Commonwealth of Virginia.

Sincerely,

William Flanagan
