Comment - I support Medicaid expansion for Virginians. How do you justify leaving so many with no health insurance and punishing single seniors over 65 with no children? The federal government will pay 100% of the cost through 2016 , decreasing incrementally to 90% for 2020 and subsequent years. You are doing a disservice to the citizens of Virginia by not accepting the Medicaid Expansion program. What do you propose to provide in it's place? PS - It will also provide jobs to our economy!
