Medicaid expansion in VA is a very bad idea and will just create more welfare state mentality that the rest of us will have to pay for. Furthermore, as I understand it, the Federal Government is only going to give the state money for 3 years, and then the "teaser rate" goes away, at which time it will of course be politically unpalatable to remove those additional people from the state Medicaid roles.

Even Federal money isn't free. States act like Federal money is manna from heaven, when it is really paid for by the taxpayers of this country. The ever increasing expansion of Federal powers has consequences.

VOTE NO ON MEDICAID EXPANSION IN VA.
