Virginia Medicaid Innovation and Reform Commission
VA

Dear Medicaid Innovation and Reform Commission,

Everyone should have a right to healthcare with out having to move under a bridge because they loose their home to big corporation health insurance hospitals and pharmaceuticals. Enough of the health care mafia in this country. Virginia needs accessible health care for it its residents. Because of health care exams and co pays we live pay check to pay check and in debt. I have a job and insurance now but am still paying off medical bills from when my husband lost his job and we were without insurance for a while.

Sincerely,

Ana VillasBoas
