**Comment** - I SUPPORT Medicaid expansion in Virginia. It is appalling that the Commonwealth ranks extremely low among all states in providing Medicaid benefits to qualified persons. The expansion, funded by federal money, will allow for people in need to obtain quality health care. This is an investment in Virginia paid for by another -- WHY would our Commonwealth turn down such an offer? It is our duty as Virginians to work together to obtain a standard of living for ALL Virginians that allows each Virginian to flourish. I SUPPORT Medicaid expansion and urge the Commission to strongly recommend/URGE our elected leaders to accept the federal support and expand Medicaid eligibility and benefits.
