Comment - I know someone personally who does not have health insurance, expanding Medicaid is important to me. My 57 year old brother is unable to work but does not qualify for disability. He needs health insurance coverage, and he deserves what expanded Medicaid will offer. All Virginians deserve access to healthcare- expand Medicaid now! Medicaid expansion bridges the coverage gap, ensuring that 400,000 Virginians have access to high quality affordable healthcare. It is terrible to think Virginia has turned down expanded Medicaid while citizens of other states will benefit greatly. The expansion will create 30,000 new healthcare jobs Medicaid expansion will be 100% federally funded for the first 3 years and then 90% funded by the federal government starting .
