Dear Medicaid Innovation and Reform Commission,

I Have been in the nursing profession for over 50 years, mainly in mental health. The funding for both long term and short term care for those suffering mental health problems has been up and down over those years, mainly down. The need for funding support has been great and continues to be so. i ask you to support expanding Medicaid for all Virginians, especially the mentally ill.
Barbara Munjas, PhD, RN Thank you

Sincerely,

Barbara Munjas
