**First Name** - Bill

**Last Name** - Mefford

**Organization Name** - United Methodist Church

**Comment** - I hope Virginia does expand Medicaid. This will allow so many people who do not have access to affordable health care to have that same access. My faith tells me that this is a basic human right. It is also a way to ensure public health and safety for all. When some of us are chronically sick without access to health care, it impacts all of us. I hope the state of Virginia will do the right thing and expand Medicaid so that more Virginians have access to affordable health care.
