First Name - Carolyn

Last Name - Burstein

Organization Name - N/A

Comment - Please expand Medicaid to all those who qualify under the Affordable Care Act because so many of these people desperately need health care. Since I volunteer at Carpenter's Shelter in Alexandria, I meet these poor and vulnerable people all the time. Why would Virginia not take advantage of this health care expansion funded by the federal government?? This expansion is a must for Virginia! Thank you for the opportunity to make my voice heard.
