First Name - Charles

Last Name - Douglas

Organization Name -

Comment - As the future unfolds we as a nation have to deal with so many different issues as a people. Medicaid is a vitally needed source of funding that is and was rightfully put into place in order to handle the care of our ill and sick. The stop or reductions of any Medicaid in the lives of our people can and will destroy our nation at its roots. We as a people must not even phylum the idea of not providing Medicaid.
