Virginia Medicaid Innovation and Reform Commission
VA

Dear Medicaid Innovation and Reform Commission,

Health care should be a human right. I understand there are costs involved, but whether you are human or animal, suffering ill health or dying an untimely death or deferring preventive care that can protect one's long term health should not happen to anyone in a country that spends so lavishly on foreign wars and insulates the very top earners from prosecution for crimes that have eroded everyone's wealth.

Sincerely,

Dana Meek
