Dear Sir,

According to the latest scientific poll of 2078 voters, commissioned by Healthcare Media Co., 77% want Obamacare defunded or delayed. WE were promised by our Gov. McDonnell That our Commonwealth would not set up the exchanges. Why has he gone back on his word and why are our senators and delegates participating in the expansion of medicaid when large companies, union, and even Congress asking for special consideration because they cannot bear the expense of Obamacare? I made a trip to Richmond along with 700 others to ask you to keep your word. How can you expect us to support you at election time if you refuse to keep your word?

Thank you,

Debra Bennett
