First Name - Denise

Last Name - Silander

Organization Name -

Comment - While changes may be needed to the healthcare system, the Obamacare legislation is NOT the right fix. In fact, its consequences will be harmful to our nation and more difficult to rescind once implemented. Not only is it inefficient, unworkable, costly, intrusive to our freedom but it truly has nothing to do with the good of the people ("the folks") and everything to do with increasing power of the political class.
